

Stepping into history

With his wife, Adele, and daughter, Elizabeth White, by his side, Rodney Potter steps into his cast footprints during a ceremony Friday morning in front of the Manatee County Courthouse. In January the Manatee River Fair Association designated Potter as the Distinguished Citizen of the Year for 2010. Potter worked at Pro-Build, the lumberyard on Sixth Avenue East, for 55 years. He is known for his good works in the community, including helping establish the sheriff's youth ranch off Rye Road. See more photos at **Bradenton.com**.
